

Heaven On Earth Society For Animals

Compassion can only attain its full breadth and depth if it embraces all living things and does not limit itself to mankind. --
Albert Schweitzer

Heaven on Earth's mission is to improve quality of life for homeless animals, especially those who are often overlooked because of special needs and low potential for adoption. Because every life is precious. Every single one.

Our cage-free, no-kill sanctuary is located in Van Nuys in California's San Fernando Valley. Within the walls of this five-room home reside dozens of cats and kittens who came to us with no place else to go.

Some are temporary residents...with us until that forever home comes along. For others—those who aren't eventually adopted—we are their home.

Presently our sanctuary can only serve cats and kittens. Our hearts, however, embrace all homeless animals and we hope that as our resources grow, our scope will as well.
